Aetna Better Health 1-866-827-2710 (24/7)

To get pump: Call Aetna - need prescription from doctor, they ship to the mom (can get it quick in 1-2 days) need mom's number for contact; can also go through Aeroflow, Byram, Caring Touch, Medline, RS Medical, Stork Pump

- Mother may also call, but it will take a bit longer – Aetna will then contact physician for prescription

- *Rental not covered

Lactation Consultant Services – not covered by the Breast pump line, they handle equipment only

- CPT code through a lactation consultant or prior authorization form prior to visit, takes 1-2 days for approval
- Try to find someone in-network (no lactation consultants listed for in-network per customer service rep)
